Bholu Yadav

Full Stack Web Developer

📞 +91 80990693422 @ Vasu02062001@gmail.com 🔗 linkedin.com/Bholu Yadav 📍 Vadodara, INDIA

SUMMARY

Pre-final year B.Tech CSE student with a passion for web development and full-stack technologies. Experienced in JavaScript, React.js, Node.js, and various databases, I build efficient web solutions. Currently exploring data science to further enhance my technical skills and contribute to real-world projects.

EDUCATION

B.Tech
Parul University
📅 08/2023 - 05/2026 📍 Vadodara, INDIA

Higher Secondary (12th)
JP Inter College, Sewashram
📅 01/2021 - 05/2022 📍 Ballia, UP

Secondary (10th)
JP Inter College, Sewashram
📅 01/2019 - 05/2020 📍 Ballia, UP

SKILLS

Data Structures & Algorithms	Core Java	Java Spring	Python	Hibernate	MYSQL	MongoDB

Linux	Docker	GitHub	SQL	Node.js	Hibernate	Express.js	Angular	AWS	DBMS

Postman API

PROJECTS

Portfolio Website
📅 09/2023 - Present 📍 Vadodara, INDIA

A personal portfolio website highlighting my skills and projects
- Developed a responsive and interactive personal portfolio site using React and Tailwind CSS
- Integrated motion tools for smooth animations and transitions
- Showcased open-source contributions, skills, and projects

Code Collaboration Code Editor
📅 08/2023 - Present 📍 Vadodara, INDIA

A Code Collaboration Web App designed for developer interactions
- Created a platform enabling developers to collaborate on coding projects in real time
- Offered tools for live coding, debugging, and code reviews
- Ideal for remote work, hackathons, and education

CGPA Prediction Application
📅 02/2024 - 05/2024 📍 Vadodara, India

- Built a dynamic CGPA calculator using React, TypeScript, and Tailwind CSS.
- Implemented modular components for input, GPA computation, and chart-based visualization.
- Ensured accurate calculations and smooth UI with Vite and utility-based architecture.
- Received positive feedback during a college tech expo and adopted by peers for academic planning.

EXPERIENCE

Web Development Intern
Cognifyz Technologies

📅 08/2024 - 09/2024   📍 Vadodara, INDIA

A technology company focused on web development services

- Designed a responsive card component and grid layouts using frameworks like Bootstrap
- Built a mobile-friendly navigation menu and converted static pages to responsive layouts
- Created interactive features such as a color-changing button, greeting alerts, and a calculator

Java Development Intern
CODSOFT

📅 12/2024 - 01/2025   📍 Vadodara, INDIA

A software company specializing in developing Java applications

- Completed a series of Java development tasks
- Developed a user-interactive console-based game (Number Guessing Game) with random number generation
- Designed a program to compute and display total marks and grades (Student Grade Calculator)
- Built a console-based ATM simulation with essential functionalities and user input validation (ATM Interface)
